

Flow Support Setup

Creating conditions that make focus feel more natural

When focus feels easier for me, what conditions tend to be present?

.....

.....

.....

.....

.....

What elements in my environment or timing seem to support my attention?

.....

.....

.....

.....

.....

What tends to make focus feel heavier or more effortful?

.....

.....

.....

.....

.....

REFLECTION: What I notice about the conditions that shape my ability to focus:

.....

.....

.....

.....

.....

Focus often follows conditions—it doesn't need to be forced to arrive.
